[REDACTED]

Thanks for this – for speed I have attached the comments as we had collated them- some overlap with what you have but at least you have the record. In particular the question of 11year previous face testing.

Let me know if you have any further questions

To note we have received the document and would like to comment but it may a little later than your 1.00 deadline. We have been tied up on other healthcare related PPE issues.

In our view it is important that this message is clear and accurate to avoid any further confusion and worry amongst staff and to ensure that health care worker safety is ensured.

Can you confirm that you can wait for HSE comments?

Thanks

Importance: High

Dear All,

I have compiled a selection of queries (real and potential) that will be sent out together with a letter on PPE. Please could you comment /add to them and return to me by 13:00, if you have no comment/ no time please let me know.

Kind Regards
